WAR CRY VISION

'I see a generation rising up to take their place.'

Early this year Clive Carr, Pastor of New Heart Ministries had a vision of a group of youth worshipping. Their focus was on God and they were passionate about His presence and His purposes being realised in the earth.

"As the young people worshipped – light, sound and fragrance emanated from them. This was attracting other youth, in an increasing measure, to worship. The word 'War Cry' appeared on a banner above them. They were raising up a standard of warrior worship."
